B.K. LATEX PRODUCT COMPANY LIMITED

WE SUPPORT ALL CREATIVITY
AND HAPPINESS UPON
TRUSTABLE QUALITY

Since 1979, B.K. Latex Product Company Limited has never stopped our passion to produce best quality latex balloons to reach all creativity, dream and happiness. Now we are a World's top leader of latex balloon manufacture and a biggest manufacture in Thailand and South East Asia.

With our hard devoted working on products development for superior quality, variety of choices, and customers' satisfaction, we have raised the present production capacity of 2,500,000 kilograms of balloons per year, supplying to more than 50 countries worldwide. The production capacity still keeps increasing every year.

Superior quality is always our goal. We keep on running our business with most updated technology and innovation. Now we have 10 machines including a new innovation of automatic balloon dipping machines from England.

Quality and Responsibility

Our products support all creativity and happiness upon trustable quality and safety of users. We take our strong responsibility to have our Quality Control Department double check and make sure the most safety and best quality in compliance with worldwide regulations.
